

Music Video Project

Who: You and a team of up to 3 other students

What: Create a music video that lasts at least 2.5 minutes

How:

- 1. Choose a song and let your teacher know your choice (so we can download it)**
- 2. With your team, plan out your music video. What style will you do? Dance? Story telling? Random goofiness? Watch the example videos to see each type. You may not do a lyrics video or a random photo montage video.**
- 3. Film, edit, and upload by the end of Q3 to the Video channel.**
- 4. Be sure to put credits at the end.**
